4. Certificate on suitability of products in food

I, the undersigned State/official veterinarian certify that:

The certificate is based on the following pre-export certificates (see attached list in case more than two)1:

Date:	Number:	Country of origin:	Administrative territory:	Approval number of the Establishment:	Name and quantity (net weight) of the product:

- 4.1 Raw materials of animal origin, contained in product, are derived from clinically healthy animals in establishments, fulfilling the necessary veterinary-sanitary requirements and approved by the Competent Veterinary Service in the EU for supplying their production for export and operating under its constant supervision.
- 4.2 Raw materials of animal origin (meat and edible offal, fish and other marine products, egg products, milk and dairy products, honey, fats), contained in product, are confirmed by veterinary sanitary inspection as fit for human consumption.
- 4.3. Beef and mutton from which the finished product is manufactured are derived from animals that originate from herds where there is no case of Bovine spongiform encephalopathy (BSE) or scrapic respectively and do not belong to birth cohorts of BSE positive animals. After slaughter animals older than 30 or 48 months (underline the appropriate) depending on Member States ² were tested on BSE, with negative results.
- 4.4 Specified risk materials (SRM) were removed according to the OIE Code recommendations
- 4.5 Products were manufactured in an establishment which fulfils the necessary veterinary sanitary requirements and is approved by the Competent Veterinary Service in the EU for supplying their production for export and operating under its constant supervision.
- 4.6 Products originate from establishments or cold stores, in the administrative territory of the EU Member State free from the diseases appearing on list A in the OIE Code of 2003 and for which the species from which the product originates is susceptible, including³:
 - African swine fever during last 3 years in the territory of the EU Member State excluding Sardinia;
 - rinderpest during the last 12 months and foot-and-mouth diseases during the last 6 months in the territory of the EU Member State.
- 4.7 The products are recognized fit for human consumption.
- 4.8 Microbiological, chemical-toxicological and radiological characteristics of the product correspond to actual veterinary and sanitary rules and requirements of the Russian Federation.
- 4.9 Products have identification marks.
- 4.10 Single-use containers and packaging material correspond to hygienic requirements.
- 4.11 Means of transport are treated and prepared in accordance with the rules approved in the EU.

	Place	Date	Official stamp:
	Signature of State/official veterinarian		
	Name and position in capital letters		
Sig	nature and stamp must be in a different colour to that in the printed certificate		

 $^{^{1}\,}$ Delete if not relevant and confirm by signature and stamp

 $^{^{\}rm 2}$ The list of EU Member States is approved by Rosselkhoznadzor

³ Administrative territories, zones and time periods may be modified with a mutual agreement on the basis of the Memorandum of 4 April 2006 on zoning and regionalisation.
